- A. Katie Gruss initiated discussion about the recently released results of the Montana Prevention Needs Assessment survey which is administered every two years to 8<sup>th</sup> 10<sup>th</sup> and 12<sup>th</sup> graders in Anaconda. She expressed concern about a statistic that reflects a very low perception of risk of being caught by the police when engaging in underage drinking. 73% of the responders in 2022 believed that they would not be caught by the police if drinking beer wine or liquor in their neighborhood. Ben Krakowka offered his opinion that the new Justice of the Peace is proving to be very effective at holding young offenders responsible for their offenses.

Katie Gruss also offered information regarding youth drinking associated with this year's Prom. She reported that it is well known that there were many parties held on the Saturday after Prom. She also reported that some of these house parties were hosted by parents. There was discussion about of the need for raising awareness of The Social Host Ordinance and the fact that parents can be charged with Negligent Endangerment or Criminal Endangerment if they host a party that involves underage drinking.

- B. Sue Konicek discussed the current vacancy on the DUI TF. There is a vacancy for a licensed addiction counselor or a licensed Prevention Specialist on the Task Force. It was suggested that Keith Lopez be asked to serve on the Task Force. There was also discussion regarding the need to replace Chief Sather with a different representative from County Law Enforcement as Chief Sather does not desire to serve on the DUI TF. Ben Krakowka will approach Bill Sather about the topic. It was suggested that Detective Staley would make a good addition to the Task Force.
