9361 5,347 1 706 Birch originally did not feature an outbuilding at the rear of the
9362 5,347 2 lot. Yet by 1896, a frame barn had been located at the rear of the proper-
9363 5,347 3 ty. This was replaced by a small frame cabin in approximately 1900, but
9364 5,347 4 the cabin was later removed and replaced with a garage. In 1903, the
9365 5,347 5 primary residence was listed for rent in the Anaconda Standard newspaper.
