RE: Vinyl wrap design for Kennedy Common

Dear Accelerate Anaconda Committee:

The Historic Resources Board appreciates the opportunity to comment on the proposed design put forth by you and the Anaconda Community Foundation for the electrical panel in the northern area of Kennedy Common.

The historic photos depicting the Kennedy Common area with wayfinding information will be a welcome addition to this beloved park.

We look forward to seeing more of your groups' designs throughout town.
Thank you.

Sincerely,

The Historic Resources Board
Chair Mary Lynn McKenna
Vice-Chair Bob Wren
Lynette Foulger
