COMMISSION MEETING
6 P.M. TUESDAY, AUGUST 16, 2022
COURTHOUSE COURTROOM

Present: District 2 Commissioner, Steve Gates District 3 Commissioner Kevin Hart (Vice-Chair), District 4 Commissioner Paul Smith, District 5 Commissioner Mike Huotte, (Chair), CEO Bill Everett, County Attorney Krakowka, and Clerk of Commission Lori Sturm

Excused Absence: District 1 Commissioner Terry Vermeire

Members of the Press: No Press Present

Members of the Public: Per Sign-In Sheet

Commissioner Huotte called the meeting to order at 6:00 p.m. Commissioner Huotte explained the Commission rules of procedure.

Approval of Minutes

Approval of Minutes from the Commission meeting of August 2, 2022, and the Commission Work Session of August 9, 2022.

Motion made by Commissioner Smith to take action to approve the Minutes from the Commission meeting of August 2, 2022 and the Commission Work Session of August 9, 2022; Seconded by Commissioner Gates.

Motion Carried 4-0

Approval of Claims

Commissioner Hart – For Public Record $45,000 of that is for the Head Start kitchen remodel. There are several different claims such as Hoffmans Daly Addition and H&H Construction for the Old Works Estates Subdivision and they total roughly 65% of the total claims.

Motion made by Commissioner Hart take action to authorize the payment of claims numbered 139783 through 139902 in the amount of $606,951.77 Seconded by Commissioner Smith.

Motion Carried 4-0

REPORTS OF BOARDS, COMMITTEES AND OFFICIALS

• Commissioner Hart – Nothing to Report.
County Commission Meeting Minutes
August 16, 2022

- **Commissioner Gates** – Nothing to Report.
- **Commissioner Smith** – Nothing to Report.
- **Commissioner Huotte** – Attended the Tree Board Meeting.
- **CEO Everett** – This morning I attended the Granite County Commission meeting. The concept was to relay to them that our ambulance service is running into a financial deficit. Our ambulance is supported by the tax base of Anaconda. Every run that we make outside of our county, is a financial detriment to the residents in our county. We do not have an obligation for ambulance service across borders... that is a Granite County issue. Those are things we are willing to talk about; but honestly, they seem to be fine with it. As of now our ambulance service will not be crossing our border unless it is a catastrophe type situation. Keep in mind that it also includes Discovery Ski Hill. We will no longer be making 10 to 14 runs to discovery a year. Every time the ambulance runs, there is revenue generated but it does not offset the expenses. There are private ambulance services that could run more efficient, without any bureaucracy. Another interesting statement was prior to the meeting, they had some ambulance service they never used. Our goal is January 1, and they seem to be fine with that.

- **County Attorney Krakowka** – Attended a DUI Task Force Meeting and attended the Sportsman’s picnic in the Big Hole.

**UNFINISHED BUSINESS**

Request to order from John Jones, 2022-2500 RAM Tradesman Crew Cab 4X4 6Ft4 In. Bed

Motion made by Commissioner Gates to take action to approve the Request to order from John Jones, 2022-2500 RAM Tradesman Crew Cab 4X4 6Ft4 In. Bed; Seconded by Commissioner Hart.

Motion Carried 4-0

Request to Advertise Proposals for Preliminary Architecture & Engineering Report Copper Village Museum and Arts Center.

Motion made by Commissioner Smith to take action to approve the Request to Advertise Proposals for Preliminary Architecture & Engineering Report Copper Village Museum and Arts Center; Seconded by Commissioner Gates.

Motion Carried 4-0

Request to Advertise Notice of Public Hearing for Budget for FY 22-23 (Suggested Date of 9-6-22)
County Commission Meeting Minutes  
August 16, 2022

Motion made by Commissioner Hart to take action to approve the Request to Advertise Notice Public Hearing for Budget for FY 22-23 for September 6, 2022; Seconded by Commissioner Gates.

Motion Carried 4-0

Motion Carried 4-0

MISCELLANEOUS

- Commissioner Hart  – No Miscellaneous
- Commissioner Gates - No Miscellaneous
- Commissioner Smith – No Miscellaneous.
- Commissioner Huotte – No Miscellaneous
- CEO Everett - No Miscellaneous.
- County Attorney  – No Miscellaneous.
PUBLIC COMMENT

Linda Lodder – Had questions for the Commission about the ambulance service and what part is considered Granite County? Applied for a position with the ADLC Health Board and is there such a board? Asked the West Valley Fire Department to burn a shed . . . was informed the board decided not to let them burn. What board is that?

- Commissioner Hart and the CEO attempted to answer Ms. Lodder’s questions. He provided a description about the county border and the CEO commented that about 70% of the lake is Granite County.
- The Clerk of Commission attempted to inform Ms. Lodder that she had applied for the Area V Aging Representative and not the A-DLC Health Board.
- Commissioner Hart – Explained about the Volunteer Fire Departments. They have their own fire districts and boards that are not governed by the County Boards.

Rose Nyman – Told a story about a former official’s thoughts on suing the local government, he believed it was like suing yourself, your family, friends, and neighbors. Reported that she had attended the Tree Board meeting this morning and was infuriated when she left. The meeting was to be held at 8:30, there was a quorum at 8:25 but they waited until 8:44 for a member who never showed up. There was no agenda on the website, and no agenda for the board or attendees. Several asked if it was a real meeting? There was no roll call, no call to order, no approval of minutes . . . there was no agenda, but they discussed action on several items in the community. My question is how can they implement those actions? Sean Steinbach is the one who edited the current ordinance for a revision. Lydia stated they have been waiting for it to be on the agenda for almost 3 years. They do not understand the format for a government meeting. We have had 3 board trainings since 2016 and I have not seen any of them there. That does not mean that they were not there . . . I just didn’t see them.

- Brought up the Trees at Durston Park. I was told they did have a meeting, but obviously not a published meeting with an agenda. You have a toxic board. Some members should not be reappointed. I would like to see Ray Lappin apply for that board. I was also impressed with Sean Steinbach . . . with a little 1 on 1 information he could be reappointed and be a good chairman.
- Talked about other volunteer board members. Recently the Planning Director arranged a training in Deer Lodge for Planning Boards. It was a 4-hour training and conducted by an attorney from MACo. I have to say proudly there was very little that our planning board was not doing correctly. That also involved Ex Parte discussions which we heard about. The next Planning Board I will explain that I am tightening up on Roberts Rules of Order. The Planning Director will talk about Ex Parte discussions. I was recruited to bring structure to that Planning board. Part of that structure came by setting an example, by being prepared and being courteous to applicants, members of the audience and to each other. Mentioned the URA Board and having a good time on the Historic Preservation Board. HRB events have been successful, have met lots of people and am learning about the community.
The Board of Commissioners must decide what they value in a volunteer and sometimes it can’t just be a warm body. When I was a Commissioner, I attended many board meetings. I knew what they were doing and how they were conducting business.

CEO Everett – I go to a lot of different Commission meetings throughout the state. We win... we run as good as I have ever seen. Understand about our legal liability with these boards, it is minimal. Because almost all our boards are not authoritative, they do not make a decision. Most things come before the Commission. Boards come up with a lot of great ideas, but they don’t make the decision. The boards report to the Commission what they would like to do.

- **Rose Nyman** – I agree with what you are saying. I am not against the tree board... I am against that dysfunctional ordinance.
- **CEO Everett** – I am against authoritative boards.
- **Commissioner Hart** – The goal of the Commission with regards to the tree board is the reorganization with a new ordinance. With the new ordinance there would be better guidelines, there would also be new by-laws. They need to attend a training. They need to know the state law and rules for public meetings. There are some good members, and I would like to give them the opportunity to get it right. Get the ordinance redone, get the by-laws to be consistent and get a training done.

- **Rose Nyman** – Mr. Steinbach indicated that when he revised the current ordinance... I felt there was an impression that if you repeal or amend the current ordinance that board members will stay, I assume with the change you would open it for new applicants. Gave the example of the URA being created by resolution and then changed to an ordinance... so they had to reapply for the positions.
- **Commissioner Hart** – That is something we would need to discuss. I have no problem giving the current members a chance to get it right. Give them the information I think they would comply. We need to have boards that have a quorum. If you are not going to be an active member, then there is no sense of having the position.

**Linda Lodder** – Commented about the Tree Board and didn’t know they existed. What is going on with the County Extension? Do we not have an Extension Office? There has been an open position for how long? She spoke with an extension agent in Granite County.

- **CEO Everett** – We have a county extension agent. MSU Extension oversees the County Extension Offices.
- **Rose Nyman** – Spoke in favor of the extension agent. I requested information about the species of trees planted at Durston Park. I received the booklets and offered to pay for them. I was told “No” it is a service we provide.
County Commission Meeting Minutes
August 16, 2022

Commissioner Huotte - read the meeting dates and times.

ADJOURNMENT

Meeting Adjourned at 6:44 p.m.

Lori Sturms
Clerk of Commission

Mike Huotte
Commission Chair
ANACONDA-DEER LODGE COUNTY
COMMISSION WORK SESSION MEETING
6:00 P.M. TUESDAY, August 23, 2022
COURTHOUSE COURTROOM

Present: District 1 Commissioner Terry Vermeire, District 2 Commissioner Steve Gates, District 3 Commissioner Kevin Hart (Vice-Chair), District 4 Commissioner Paul Smith, District 5 Commissioner Mike Huotte, CEO Bill Everett, and County Attorney Krakowka and Clerk of Commission, Lori Sturm

Members of the Press: Patrick Williams, Anaconda Leader

Resolution No. 22-14, A Resolution Adopting a Budget for Anaconda-Deer Lodge County for Fiscal Year 2022-2023 (Public Hearing to be held September 6, 2022)

John Sholey, Chief Financial Officer - Presented the budget to the Commission. Once everyone has reviewed the budget it will be finalized and will be the budget for the next fiscal year of 2022-2023. We received the Department of Revenue's valuations for A-DLC. There is an increase in the valuation of $15,891 county-wide and $5,858 in the city. That is an increase in both county and city-wide. If you have questions . . . ask. There will be a copy of the budget for the public down at the library for anyone who would like to review this. County policy is to conservatively budget the revenues. We try not to budget money that is not guaranteed, such as PILT's and other federal agency funds. We overestimate the expenses usually resulting in expenses coming in under budget. The cash reserves are good. Went over the existing capital budget involving road, water, sewer lines, building improvements and capital equipment. The debt analysis is down to 3 items: street lighting, courthouse preservation and the mill creek debt service. In the budget this year is a proposal to pay off the Mill Creek debt.

- CEO Everett – I will bring forward some information next week. Financially the County is in phenomenal shape. We are basically debt free. I thought we were going to have to raise taxes. We had a 5% increase in salaries, which was the right thing to do. We have a huge windfall of revenue coming in the next 3 or 4 months due to increase of tax valuations. Mr. Sholey and his team are doing a great job. Next week I should have more facts and figures.

Place on Agenda

Resolution No. 22-15, A Resolution Establishing the Mill Levy for Anaconda-Deer Lodge County for Fiscal Year 2022-2023. (Public Hearing to be held September 6, 2022)

John Sholey, Chief Financial Officer - There was some change this year. We are decreasing the city fire district and increasing the general fund. This is to allocate some of the costs of the
ambulance away from just the people in the city into the whole county. Overall, the mills are
down.

Place on Agenda

Resolution No. 22-16, A Resolution Authorizing Anaconda-Deer Lodge County to Dispose of
Impounded Property Consisting of Vehicles, Watercrafts, Trailers, and ATV’s

CEO Everett – We have done this with the former Code Enforcement Officer. We acquire all this
stuff and then we must legally dispose of it.

• Carl Hamming, Planning Director – I told Ken Walund I would cover this item for him.
  One thing he wanted to mention is that the impound is overflowing. He is getting it
  scheduled for mid-September. The plan is for September 14th and 15th at 9:00 a.m. He
  has enlisted the help of Jamie Hanson who has experience in this and will be able to
  assist him. He will be putting notice in the Leader a minimum of 5 days in advance. He
  has also sent out the letters to all registered owners that he could track down notifying
  them of the impending sale.

Place on Agenda

Resolution No. 22-17, A Resolution to Amend Fund Budgets for Fiscal Year 2021-2022

John Sholey, Chief Financial Officer - Part of the annual budget process is looking at last year
and making the amendments to the budget we have for 21-22. We had a phenomenal year. The
county over all had a 3 million dollar gain. We budgeted a 95% receivable rate; and we received
over 97%. The extra 2% and 10 million estimate of taxes is an extra 200,000.00 in taxes received
that was not budgeted. In the Revenue budgets almost all the budgets are slightly over. Went
over the unbudgeted revenues and expenses such as Neighborhood stabilization. Gave the
highlights to the Revenue and Expenditure Budgets.

Place on Agenda

Resolution No. 22-18, A Resolution to Repay Water and Sewer Bonds issued to ADLC for
Improvements in and to the Mill Creek TID.

CEO Everett – In the last 2 years we have made a concerted effort to pay off the debt of Mill
Creek. What we did last year, we funded half of it, we took 650,000.00 of our budgets so that
next year we could take another 650,000.00 and pay it in full without a financial burden. This
has been approved by the Mill Creek Board. This is one step into what I believe will be the best
interest of the county. Even if we pay this off it does not mean the Mill Creek TIF is dead. It just
means it is debt free. This will sunset the Mill Creek TIF. This has been a county nightmare. It
mandates misappropriation of funds. Provided an example of Search and Rescue being at 2
mills, the community voted on that with a community goal of giving Search and Rescue

2
$2000.00. Now the mills are 15. Mill Creek is a separate entity. After we pay the mills there is a backlash where we must refill the buckets again.

- **John Sholey** – Search and Rescue is basically getting $30,000 from taxes and another $30,000 from Mill Creek.
- **CEO Everett** – We are working with the state closely. No one has ever sunsetted a TIFID with the state of Montana. We are the first. We are also cognizant of the effect it will have on the school district. As you look at your property tax 50% is basically us and 50% is the school. Every action we make we want to make sure the school is taken care of. It is the school’s responsibility to double check and see how these dollars will flow. We can tell you how it will affect the county but not the school. We have given them all the contact information. I am sure Mr. Sullivan is following through on this.
- **John Sholey** – As Bill mentioned, the levies tonight are just the county levies. We do not have the school information yet. We may have them next week; hope to have it on September 6th.
- **CEO Everett** – I have heard there is another way the school can bill the residents. Realistically I think they will take another $350,000.00 out of the tax base. You will most likely see your school taxes go up; but I will let the schools speak for themselves.
- **Rose Nyman** – Pointed out the acronym used throughout the Resolution is incorrect. It should be TIFID (Tax Increment Finance Industrial District). Asked what year does this sunset? Asked if You will have to repeal the ordinance and abolish the board?
- **CEO Everett** – If we don’t do anything when will it sunset . . . probably another 30 years. It is a long-distance debt. Answered about repealing the ordinance and abolishing the boards “It is one of the good things.”
- **Rose Nyman** – I understand some of the meetings got a little hot. What was the problem? It is a public meeting.
- **CEO Everett** – There was some controversy. It was a public meeting.

**Place on Agenda**

**First Reading and Request for a Public Hearing for Proposed Anaconda-Deer Lodge County Ordinance #269 (A), AN ORDINANCE ADOPTING AND INCORPORATING THE INTERNATIONAL BUILDING CODE, INTERNATIONAL RESIDENTIAL CODE, INTERNATIONAL EXISTING BUILDING CODE, INTERNATIONAL ENERGY CONSERVATION CODE (Suggested Date of October 4, 2022)**

**Carl Hamming, Planning Director** – This Ordinance was approved last month. It was sent to the state and even though it was their template they realized that there was an error within the template. Now we need to redo the process and eliminate the fire code because that is under a different state agencies jurisdiction. We are just eliminating the fire code from our building code ordinance.

**Place on Agenda**
County Commission  WS Meeting Minutes
August 23, 2022

Contract between Pintler Pets and Anaconda-Deer Lodge County.

CEO Everett – This is the same contract we have had in the past. We do hear some controversial remarks about Pintler Pets, there are a lot of personal viewpoints. It is the most cost-effective way for the county to deal with the animals.

Place on Agenda

Request by Laura Mancevich to be appointed to the Airport Board (Letter Attached)

Place on Agenda

Request by Mark Callison to be reappointed to the Cemetery Board. (Letter Attached)

Place on Agenda

Request by Adam Vauthier to be reappointed to the Economic Development Board (Letter Attached)

Place on Agenda

Miscellaneous -

Commissioner Kevin Hart: No Miscellaneous.

Commissioner Steve Gates: No Miscellaneous.

Commissioner Paul Smith: No Miscellaneous.

Commissioner Terry Vermeire: No Miscellaneous.

Commissioner Mike Huotte: No Miscellaneous.is about

CEO Everett – Yellowstone is filming their new sequel 1923. We have been working with them on a lot of stuff. It is tuff to bring things before the Commission things go fast. They want to borrow 4 of our older park benches for a shooting of the movie. One person sitting will be Harrison Ford and Helen Mirren. They are also going to refinish the Park benches. There will be some shooting in the community. I’ll try to keep you informed as it goes forth.

• Also, Governor Gianforte will be here tomorrow. We have some good things lined up, part of the Economic Development story. We want to display what we have done. The state of Montana is sitting on 2 billion dollars that has not been allocated.

County Attorney Krakowka – No Miscellaneous.
PUBLIC COMMENT - No Comments given.

Anaconda-Deer Lodge County Commission

Attest:

Lori Sturm  
Clerk of the Commission
RESOLUTION NO. 22-16

A RESOLUTION AUTHORIZING ANACONDA-DEER LODGE COUNTY TO DISPOSE OF IMPOUNDED PROPERTY CONSISTING OF VEHICLES, WATERCRAFTS, TRAILERS AND ATV’S

WHEREAS, Anaconda-Deer Lodge County has accumulated various pieces of equipment and/or property that have been impounded from a street, highway, alley or county owned property within ADLC, via Section 61-12-401, MCA; and

WHEREAS, Section 61-122-404, MCA states that the sheriff or the county or the city police of the city in which the vehicle is being stored may sell it at public auction in the manner provide in MCA, 25-13-701 through 25-13-709; and

WHEREAS, reasonable efforts to ascertain the name and address of the owner, lien holder, or person entitled to possession of the vehicle has been performed for items to be sold by sheriff sale; and

WHEREAS, notice to the last registered owner has been give pursuant to MCA, 61-12-402 (4); and

WHEREAS, if a vehicle is sold as provided in MCA 61-12-404(1), the sheriff or city police at the time of payment shall execute a certificate of sale pursuant to MCA, 61-12-405; and

WHEREAS, presentation by the purchaser of certificate of sale, may apply for certificate of title pursuant MCA, 61-12-406; and

WHEREAS, items to be sold by auction at this sale will be viewable at the Anaconda-Deer Lodge County Landfill Site on September 26, 2022 during the regularly scheduled business hours; and

WHEREAS, notice has been advertised pursuant to Section 25-13-701(b) MCA

NOW, THEREFORE, BE IT RESOLVED by the Anaconda-Deer Lodge County Board of Commission the following:

1. The Anaconda-Deer Lodge County Board of Commission Authorizes Anaconda-Deer Lodge County to conduct an auction to dispose of the unneeded equipment and/property via public auction on Thursday September 26, 2022 at the Anaconda-Deer Lodge County Landfill.

Dated this 9th day of September, 2022

COOPERATIVE FOREST ROAD AGREEMENT

Schedule A
Deer Lodge County
and the
Beaverhead-Deerlodge National Forest

(This schedule to be revised as needed)

This Schedule A and Maintenance Plan is hereby made and entered into by and between Deer Lodge County and the Beaverhead-Deerlodge National Forest under the provisions of this Cooperative Forest Road Agreement, executed between the parties on September, 6th, 2022.

Part (A) Those roads on which maintenance will be the responsibility of the Cooperator (Deer Lodge County): N/A.

Part (B) Those roads on which maintenance (surface blading, cleaning ditches and culverts and replacing drainage structures) will be contracted out by the Cooperator (Deer Lodge County): N/A.

Part (C) Those roads on which maintenance will be the responsibility of the Forest Service (Beaverhead-Deerlodge National Forest): See Part (E) Miscellaneous Other Projects below.

Part (D) Those roads on which maintenance will be shared by both parties. Spring/Fall maintenance commitments vary and will be done as described below: N/A.

Part (E) Miscellaneous Other Projects:

1. Calvert Creek Road (Deer Lodge County) also known as Mudd Creek Road No. 1223, road improvement project (see attached Pintler Face 2 Salvage Sale worklist) and snow plowing (see FS snowplowing guidance below). All work identified in the construction/reconstruction plans will be contracted by the Forest Service, to include snowplowing. The Forest Service snow plowing guidelines are outlined below.

Forest Service Snow Plowing / Removal Guidance:

Snow Removal. Snow removal shall be conducted in a manner that protects roads, ensures safe and efficient transportation of materials, and prevents erosion damage to roads, streams, and adjacent lands.

Do:

1. Remove snow from the entire width of the road surface, including turnouts, and occasional snow berms fences adjacent to the roadway as needed to catch blowing and drifting snow.
2. Remove snow slides, earth slides, fallen timber, and boulders that obstruct the road surface.

3. Remove snow, ice, and debris from ditches and culverts so that the drainage system will function efficiently at all times.

4. Deposit all debris, except snow and ice, removed from the road surface and ditches at locations approved by the responsible official and away from stream channels.

5. Leave at least two (2) inches of snow to protect the road. At least 2 inches of snow should be left on the fields when plowing snow berm fences adjacent to the roadway.

6. Restore any damage resulting from snow removal in a timely manner.

7. Remove snow as necessary to insure safe, efficient transportation.

Don’t:

8. Undercut constructed slopes or remove gravel or other surfacing material from the road surface.

9. Leave snow berms on the road surface. Berms on the shoulder of the road shall be removed or drainage holes shall be opened and maintained. Drainage holes shall be spaced as necessary to obtain satisfactory surface drainage without discharge on erodible fills.
